

THE MOST COLLECTED KNIVES IN THE WORLD

A Unique Wooden Miniature Keepsake Case is proud to introduce the Case Village Series

Just in time for the holiday season, Club members can purchase the new wooden replica of the Case Owens Way factory reflecting all of the holiday touches that folks don't often get to see during the cold, winter season in Bradford. Made in the USA, this collectable is the first offering in the Case Village Series. Each year, we plan to offer a new piece representing some of our past Case factories. The image of the factory appears on the front, while the back contains historical facts pertaining to the building. These handcrafted reproductions are cut from 3/4" wood and look great sitting above a door frame, resting on a shelf in the CCC Wall Display, placed on top of your computer monitor, or creatively placed amongst your collection of Case knives.

It is easy to reserve your village piece. Club members are eligible to order only one (1) wooden miniature keepsake. Complete the attached order form and return it to W.R. Case & Sons Cutlery Company. All the details are listed below. We'll be waiting for your order to arrive!

\$15.95
